Aim: To yield to us, comprehension of our motivations.

Steps:

- 1.) Appraisal.
- 2.) Recrimination.
- 3.) Circumspection.

a.) Geometric 'Cat's Cradle, Geometry, Minimal Optimization, Safe Experimental Procedure, & Path.'

In relation to social setting, interdependency, and model, parametric, and non-parametric, and ecological choice, comparative predator prey, and initial (model speculation at indication of scientific principle....).

b.) For this, I must employ my briefcase, in relation to a-mission with UNM, in presence, for that of presentable patent and will, and over-interlink, via a 'latch', and the 'videogame' for that of anomaly, at the setting of one-day delay.

1.) Provided a Judgement.

2.) Unlocalizable sense, and awareness, for in inherited dialog, presents, two historiological roots..... what is at consequence, is all I have known.

c.) Break-game at 'arbitrative' - in relation to opt* and sep-locus, P/NP, and geometric light-cone.

d.) Geometric tool set; Origami, Chess, and Pieces, Organizational Theorem.

e.) Shape, clay, and sculpting.

f.) For in an element (of one presentment in-dichotomy) the duality, may be decided by a prefactor and an obstacle of strain, in relation to top-bottom and upward-to-above 'outwards' evocation.

g.) Inclusion of friendship, and 'brief' - for that of this informed basis, the restoration of storyline at word and number, thus, epistemological study, and a theorem of knowledge, industry of words, and a means to restore communication and information, of principle.

h.) The granted 'choice' of a people, to index, and catalog, for of all people.

i.) Linking and unlinking, manual and automatic?

j.) Modeling of differential equations, under the Labyrinth.

k.) Securable mean via USB.

l.) Recognition whence there was a loss.

Final options, separation of entitlements, laws, or grievances, approaches and recessions, and progression, and placing.

Placement of Shungite stones, as to imitate a program-hierarchy, for that of cellular automata, negotiation, and medicine.
