

Final Plans and Opening for the next 4-19 years.

{Paris (s.) Miles-Brenden}

## Opening:

For tonight, **I am in a state of slavery of man.** A beast.

Then among what is, the insistently unprovided is revealed.

Hana, for in one-ring [purchased or unpurchased] of a mental motivation to words, *consecrationally written*, and of myself, in-awareness \* is not the 'duple of this person' by the self-literal of my **enslavement and sequesterment**, in definition of what is '**among these of two**'.

This is to apportion choice among the unprovided, *to-state* it is not-provisional, but provided. Then, **Revelatory**, for in my **Consignment to literal ';** of a **Type and a rational** de-selection in a minor of what is not-a-slave, a mad woman.

*Then, that this woman is not-mad*, and memory\* **is Reservational** to what may then **Be-Sworn To**, thus \* a witness, that of which is HANA, then of *additionally*, of [2]; the intimation of Koci, *in avowal to a friendship, by of 22-95 [y.], and 22-65 [m.]*. This is the '*explandum*' to **Maturity**, which \* I had confused with **Responsibility**.

Then, that I have uncovered [2x.0.1] *A non-binary constituent of Worded-Basis*.

*The resultant*; Words, and arguments of Logic *are not-reactive among three*, and to the Persuasion *witnesses are tertiary*.

*This is the inherited role*, **Then \* That HANA, has congruentially agreed to an Engagement**.

This 'other woman' was someone cherishing what would be a poison to her.

*I could then be a medicine or a poison, given\* the-person.*

*Post appraisal and disunitary conjecture! [sic abend.] the fair-loss and fair-win, reliantly in relation to\*; underprovided and underleverable losses, serves me no fair loss or win over my peers, then [the further-yet abridgement in catalog].*

Many are observations of recommended organization of technological adoption for a societal margin to survival (tested 19-40 years in gated-walk).

These are not inalienable in relation to the 'above' antiquarial post-historical view; but are relative the relation of a 95 year concession between countries, in situating us away from mistroke and misentitlement of carriable tax and debt, in concern-a-people. These are approaches to appertain of a fair consolidative interest to another's consequential perilogue.
